

PRODUCT CHANGE / END OF LIFE NOTICE

September 15, 2014

Dear Valued Customer,

The Alpha Wire portfolio requires regular maintenance to ensure our products continue to offer the most updated features and benefits, in addition to the highest quality. As you are aware, there are many reasons which cause a product to require a change or to reach an end-of-life status. These reasons include when products mature and are replaced by new technology, changing industry standards, lack of demand from the market, significant changes in the product itself, or the technology has come to a point where it is no longer cost effective.

In an effort to continually offer the highest performing products in the most environmentally-friendly way possible, Alpha Wire is proud to announce that our 300V Xtra-Guard® 4 products are now offered with a 100% RoHS compliant insulation and jacket material. This change will go into effect as of today. As a result of this enhancement, please be aware that the UL AWM Recognition for unshielded cables will change from Style 20237 to 21916. Shielded cables will continue to be UL AWM Recognized under Style 20237, but will additionally be recognized to Style 21918 which also allows for a Sunlight Resistance approval. A list of all affected part numbers can be found on the following pages.

For more information on the Restriction of the Use of Hazardous Substances (RoHS), please visit: <https://www.gov.uk/rohs-compliance-and-guidance>.

Should you have any questions, please feel free to contact your Alpha Wire representative or channel partner.

Sincerely,

Justin Dubow
Senior Product Manager
Alpha Wire

PRODUCT CHANGE / END OF LIFE NOTICE

PCN No.: 14-006

Issue Date: 09/15/2014

General Information:Type of Product Impacted By This PCN: Standard Non-Catalog Special

Part Number(s) Impacted By This Change: Xtra-Guard 4 300V standard part numbers (see next page for list of affected items)

Product Specification(s): Specification (or Spec. Series):

Revision:

Change Information:Type of Change: New Product Line Extension Line Repositioning Discontinued
 Certifying Agency Change(s) Other

Change Requested By: Dave Watson

Description of Change(s): Change to RoHS compliant insulation and jacket material

Reason(s) for Change (attach supporting documents as required):

Effectivity Date: 10/01/2014

Inventory Disposition:

- Immediate Change - Safety Issue – Scrap All Inventory
 Running Change, Finalize By: Indef Then Scrap Sell-Off Rework
 Last Order Date (if applicable)
 Last Shipment Date (if applicable)
 Other (EXPLAIN IN DETAIL)

Distribution (Check Only If There Is A Need To Know):

- | | |
