

PRODUCT CHANGE / END OF LIFE NOTICE

February 17, 2015

Dear Valued Customer,

The Alpha Wire portfolio requires regular maintenance to ensure our products continue to offer the most updated features and benefits, in addition to the highest quality. As you are aware, there are many reasons which cause a product to require a change or to reach an end-of-life status. These reasons include when products mature and are replaced by new technology, changing industry standards, lack of demand from the market, significant changes in the product itself, or the technology has come to a point where it is no longer cost effective.

As part of our regular product life cycle management activities, **TY2001** in all colors and put-ups has been identified for obsolescence, effective immediately.

Should you have any questions, please feel free to contact your Alpha Wire representative or channel partner.

Sincerely,

Justin Dubow
Sr. Product Manager
Alpha Wire
